KNOW THE CODE. IT'S YOUR RESPONSIBILITY.

This is a partial list. Please be safety conscious. Officially endorsed by the National Ski Areas Association.

1. Always stay in control. You must be able to stop or avoid people or objects.
2. People ahead or downhill of you have the right-of-way. You must avoid them.
3. Stop only where you are visible from above and do not restrict traffic.
4. Look uphill and avoid others before starting downhill or entering a trail.
5. You must prevent runaway equipment.
6. Read and obey all signs, warnings and hazard markings.
7. Keep off closed trails and out of closed areas.
8. You must know how and be able to load, ride and unload lifts safely. If you need assistance, ask the lift attendant.
9. Do not use lifts or terrain when impaired by alcohol or drugs.
10. If you are involved in a collision or incident, share your contact information with each other and a ski area employee.

BE ADVISED that all poles and/or flags, fencing, signage, and padding on equipment or objects or other forms of marking devices are used by the ski area to inform you of the presence or location of a potential obstacle or hazard. These markers are no guarantee of your safety and will not protect you from injury. It is part of your responsibility under Your Responsibility Code to avoid all obstacles or hazards, including those that are so marked.

WOODS are available to expert skiers and riders and are not open, closed or marked. Woods are littered with rocks, stumps, fallen trees and other objects that can damage you and your equipment. It is recommended you ski or ride in groups of at least 3. Do not go into the woods after 3 PM. Respect your ability level. Boundary woods can lead you away from Holiday Valley. Know where you are going and dress appropriately.

LIFT SAFETY

Be advised that you cannot board a lift unless you have sufficient physical dexterity, ability and knowledge to negotiate or to use such lift safely, or until you have asked for and received information sufficient to enable you to load, ride and unload the lift safely. You may not use a lift or any ski trail when under the influence of drugs and/or alcohol.

SKI & RIDE WITH COMMON SENSE

Skiing and riding are exciting, challenging participant sports that often present dangers and inherent risks, including but not limited to trees, uneven terrain, changing conditions, bare and/or icy spots, natural and man made objects, snowmaking equipment that may or may not be operating, and other skiers, snowboarders or people using the slopes. Some slopes and gladed areas are not groomed or equipped with snowmaking. While skiing, USE CAUTION and abide by the Responsibility Code and NYS Article 18, posted around Holiday Valley. If you can not accept these inherent risks of skiing and riding, we ask that you not ski or ride at Holiday Valley. Remember, safe skiing and riding is everyone's responsibility; it's the law.
